

Here at Clear Cut Tree & Lawn care we utilize the most cutting edge equipment in the industry. In doing so, we provide a pristine level of service that is unsurpassed by any other outfit in the area. Our Nifty Lift is a state of the art aerial lift that has been specially designed to operate on lawns without creating unsightly divots or marks. Minimal to no disruption to your surrounding property will occur throughout our tree service process.

It is an all too common practice to drive trucks on top of lawns and other areas surrounding the property while servicing trees. This unprofessional method of tree service is unacceptable and is not practiced by our company. This approach causes undesirable track marks throughout the lawn, which ends up costing you more time and money. At Clear Cut Tree & Lawn Care we take pride in doing a correct job and providing an immaculate cleanup of your property.

Not all trees require removal, our award winning team of professionals can provide an honest assessment of the trees on your property. In addition to our tree removal services Clear Cut Tree & Lawn Care offers tree trimming and ornamental tree pruning services.

## Tree Services

Tree Care  
Tree Removal  
Ornamental Tree Pruning  
Bracing & Cabling  
Crane Experts  
Lot Clearing  
Climbing Experts  
Bucket Truck Service  
Stump Grinding

**Bonded, Licensed & Insured**

## Stump Grinding

To finish off most tree removal jobs we highly recommend stump grinding services. Services vary depending on customer preference. Stumps can be ground from below grade up to 18-20 inches if a customer would like the option to replant a tree or shrub in its place. We also offer clean up and removal of resulting wood chips or they can be left on site for the customer.

## Mission Statement

A family owned and operated firm with the capabilities of a big company. We have the equipment, manpower and expert knowledge to get any job done with precision and in a timely manner. Whether you are a municipality, commercial complex or a residential customer. We give the same quality service and care to your property. We take pride in our work and are always striving to exceed expectations.
